

Railway doubling Ponte San Pietro-Bergamo

NEED TO GET AROUND BY PUBLIC TRANSPORT ON THE BERGAMO-LECCO LINE?

RFI has started work to double the Ponte San Pietro-Bergamo section of the Lecco-Bergamo line, as well as the renovation of Bergamo station. For this reason, from 5 February 2024 until December 2026, trains will not run between Ponte San Pietro and Bergamo. A rail replacement bus service has been set up, with an intermediate stop at Bergamo Ospedale, between Bergamo and Ponte San Pietro stations.

Things to know before travelling:

- Road journey times are different from train journey times; the replacement service has been arranged to coincide with the Lecco-Ponte S. Pietro train timetable, with trains running regularly
- Bus travel times may vary due to road traffic conditions
- Bikes may not be transported on buses

- Trenord tickets/rail passes are valid on buses connecting the stations
- Travellers departing from stations without a ticket office can purchase their ticket on the Trenord app and website or from the train conductor, at no extra charge
- The bus stops are indicated on the map
- On the replacement service, access is guaranteed for passengers with reduced mobility. Customers who need assistance should report their travel needs at least 24 hours before departure, through the Sala Blu channels (toll-free number **800 90 60 60**; national number with ordinary tariff +39 02 32 32 32; operational every day from 6:45 to 21:30)
- For passengers with reduced mobility, there is also a Trenord toll-free number **800 210 955** (operational every day from 8:15 to 19:45) and an e-mail address disabili@trenord.it
- For all other information, consult the website www.trenord.it
